I. INTRODUCTION

A. Overview.

The Canyons Metropolitan District Nos. 1-4 (“District Nos. 1-4”) were organized as quasi-municipal corporations and political subdivisions of the State of Colorado by Orders of the District Court in and for Douglas County, Colorado, after approval of such organization by such districts’ electorate at an election held November 6, 2001. At the time of organization, District Nos. 1-4 were operating under a Consolidated Service Plan that was approved by the Douglas County Board of County Commissioners on August 22, 2001 (the “Original Service Plan”). This Amended and Restated Service Plan for The Canyons Metropolitan District No. 1 (the “Service Plan”) is intended to 1) amend and restate the Original Service Plan; and 2) bring District No. 1 under the jurisdiction of the City of Castle Pines North (the “City”), as the real property located within its boundaries has been wholly annexed into the City. A corresponding Amended and Restated Service Plan for The Canyons Metropolitan District Nos. 2-4 and Consolidated Service Plan for The Canyons Metropolitan District Nos. 5-11 has been submitted to the City for The Canyons Metropolitan District Nos. 2-11 (the “Taxing Districts”).

B. Purpose and Intent.

The District is an independent unit of local government, separate and distinct from the City, and except as may otherwise be provided for by State or local law or this Service Plan, its activities are subject to review by the City only insofar as they may deviate in a material matter from the provisions of this Service Plan. It is intended that the District will provide a part or all of the Public Improvements, described herein, for the use and benefit of all anticipated inhabitants and taxpayers of the District.

In order to provide for a more efficient and streamlined structure for the Districts, District No. 1 will coordinate all activities for the Taxing Districts pursuant to an intergovernmental agreement between District No. 1 and the Taxing Districts, inclusive of construction and permitted operational activities.

The District will act as the “Operating District,” coordinating all construction activities related to the Public Improvements, overall administration related to the Taxing Districts and the operation and maintenance on behalf of the Districts as is permitted hereunder. The primary purpose of the Taxing Districts will be to finance the construction, administrative and permitted operations and maintenance activities associated with the Public Improvements.

The District will only provide ongoing operations and maintenance services as specifically set forth in this Service Plan or pursuant to future intergovernmental agreements with the City.

C. Need for the District.

There are currently no other governmental entities, including the City, located in the immediate vicinity of the District that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction, installation, relocation, redevelopment and

financing of the Public Improvements needed for the Project as it is annexed and zoned in the City. Amendment to the Original Service Plan and formation of the new District Nos. 5-11 is therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

D. Objective of the City Regarding Service Plan.

The objective of the Service Plan is to authorize the District to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by the Taxing Districts. Debt which is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax and Fee burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This Service Plan is intended to establish a limited purpose for the District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development needs. Operational activities are allowed, but only through an intergovernmental agreement with the City or as otherwise permitted hereunder.

It is the intent of the District to initiate dissolution proceedings or to have authorization hereunder terminated (1) upon payment or defeasance of all Debt incurred by any of the Taxing Districts or upon a court determination that adequate provision has been made for the payment of all Debt of the Taxing Districts and (2) if the District has authorized operating functions provided herein or pursuant to an intergovernmental agreement with the City, to retain only the power necessary to undertake such activities.

The District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Fees or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy on commercial and residential properties and which shall not exceed the Maximum Debt Mill Levy Imposition Term on residential properties. It is the intent of this Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater than that associated with the Maximum Mill Levy in amount and that no property developed for a residential use bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations.

For purposes of the foregoing, a change in the ratio of actual valuation shall be deemed to be a change in the method of calculating assessed valuation. Notwithstanding the foregoing, nothing

III. BOUNDARIES

The area of the Initial District Boundaries for District Nos. 2-4 currently includes approximately three thousand four hundred and ninety (3,490) acres. The Initial District Boundaries for District Nos. 5-11 shall include approximately thirty five (35) acres. After approval of this Service Plan, District Nos. 1-4 may undergo boundary adjustments in

accordance with Title 32, which shall decrease their Initial District Boundaries to that established hereunder for District Nos. 5-11 of approximately thirty-five (35) acres.

It is anticipated that after the initial boundary adjustments contemplated in this Section III, boundary adjustments shall thereafter be made to increase the boundaries of one or more of the Districts within the Inclusion Area Boundaries. Such boundary adjustments shall occur as development phasing requires the implementation of a Taxing District and it is anticipated that commercial and residential properties shall not be included in the same Taxing District. Currently, it is expected that as the Project is built out, commercial properties will be included in specific Taxing Districts and that residential properties will be included in different Taxing Districts.

The total area that may be included into one or more of the Districts is the entirety of the Project and constitutes approximately three thousand four hundred and ninety (3,490) acres. A legal description of the Initial District Boundaries is attached hereto as **Exhibit A**. A map of the Initial District Boundaries is attached hereto as **Exhibit B-1**, and a map of the Inclusion Area Boundaries is attached hereto as **Exhibit B-2**.

It is anticipated that the District's boundaries may continue to change from time to time as it undergoes inclusions and exclusions pursuant to Section 32-1-401, et seq., C.R.S., and Section 32-1-501, et seq., C.R.S., subject to the limitations set forth in Article V below.

IV. PROPOSED LAND USE/POPULATION PROJECTIONS/ASSESSED VALUATION

The Service Area consists of approximately three thousand four hundred and ninety (3,490) acres of real property planned for residential, commercial and multi-use development. The current assessed valuation of the Service Area is \$0.00 for purposes of this Service Plan and, at build out, is expected to be sufficient to reasonably discharge the Debt under the Financial Plan. The population of the Districts at build-out is estimated to be approximately six thousand seven hundred and fifty (6,750) people.

Approval of this Service Plan by the City does not imply approval of the development of a specific area within the District, nor does it imply approval of the number of residential units or the total site/floor area of commercial or industrial buildings identified in this Service Plan or any of the exhibits attached thereto, unless the same is contained within an Approved Development Plan.

V. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS AND SERVICES

A. Powers of the District and Service Plan Amendment.

The District shall have the power and authority to provide the Public Improvements and related operation and maintenance services within and without the boundaries of the District as such power and authority is described in the Special District Act, and other applicable statutes, common law and the Constitution, subject to the limitations set forth herein.

1. Operations and Maintenance Limitation. The purpose of the District is to plan for, design, acquire, construct, install, relocate, redevelop and finance the Public Improvements. The Public Improvements shall be dedicated to the City, the Parker Water and Sanitation District (“PWSD”) or other appropriate governmental entity in a manner consistent with the Approved Development Plan and other rules and regulations of the City and applicable provisions of the City Code. Pending final acceptance by the City, or for those Public Improvements that are not ultimately conveyed to the City, PWSD, or other appropriate governmental entity, the District shall at all times be authorized to undertake and coordinate any operational requirements for such Public Improvements. Upon acceptance by the City, PWSD, or other appropriate governmental entity, the District shall not be authorized to operate or maintain such Public Improvements, unless the provision of such operation and maintenance is pursuant to an intergovernmental agreement with the City or other appropriate governmental entity. In the event that the District is required to own, operate or maintain Public Improvements pursuant to an intergovernmental agreement, such intergovernmental agreement may authorize imposition of an additional Operations Fee, as is necessary, for the operation and maintenance of such Public Improvements.

2. Public Improvements Limitation. The District is a party to that certain Annexation and Development Agreement (the “Development Agreement”) dated October 22, 2009. As set forth in the Development Agreement, the District is anticipated to finance the construction of Public Improvements to be more particularly identified in the Project SIA, Site SIA or in an SIPIA, as those terms are defined in the Development Agreement. The District shall provide financial assurance of completion of any Public Improvements identified in the Project SIA, Site SIA, or in an SIPIA, in the form of a pledge of budgeted and appropriated funds of the District in an amount equal to 115% of the estimated cost of the Public Improvements for which the District has responsibility. Such budgeted and appropriated funds of the District shall be placed in a segregated escrow account that the City may access in accordance with the terms of a mutually acceptable escrow agreement, which agreement shall identify an escrow agent acceptable to the City Manager or his or her designee. The District will be entitled to request progress payments from such escrow account following review and approval of such progress payment requests by the City Manager or his or her designee, and the City will have the unilateral right to immediately access such funds in the escrow account if the District does not construct or complete the Public Improvements in accordance with the terms and conditions of the Project SIA, Site SIA, or SIPIA, as applicable.

3. Fire Protection Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision.

4. Television Relay and Translation Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City.

5. Water and Sanitation Limitation. Property within the Service Area will be provided water and sanitation services by PWSO pursuant to a Real Property Inclusion Agreement dated on or about February 27, 2003, as supplemented by a Memorandum of Understanding of the same date. For so long as PWSO, or other water and sanitation provider is providing water and sanitation services to the Service Area, the District shall not be permitted to own, operate or maintain water and sanitation improvements unless the same is necessary prior to the final acceptance of such water and sanitation improvements by PWSO or other appropriate service provider. Notwithstanding the foregoing limitation, the District shall be expressly permitted to undertake the construction and financing of water and sanitation improvements.

6. Construction Standards Limitation. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having proper jurisdiction and of those special districts that qualify as "interested parties" under Section 32-1-204(1), C.R.S., as applicable, unless such standards and specifications are waived or otherwise amended. The District will obtain the City's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

7. Privately Placed Debt Limitation. Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

8. Inclusion Limitation. The District shall not include within any of its boundaries any property outside the Service Area without the prior written consent of the City Council through a resolution authorizing the same. Any Taxing District shall seek prior administrative approval of the City Manager prior to excluding residential property from such Taxing District, where such exclusion is proposed to occur following the date on which Debt has been issued by such Taxing District or the Operating District, where the Taxing District has pledged any of its revenues, through an intergovernmental agreement or otherwise, to servicing Debt issued by the Operating District. Boundary adjustments made in accordance with the provisions of this Service Plan shall not constitute material modifications hereof absent a coinciding change of a basic or essential nature pursuant to Section 32-1-207(2), C.R.S., occurring as a result of such boundary change. The District shall provide a summary of all proposed boundary adjustments to the City Manager and the City Attorney's Office prior to any

public hearing thereon, and in all such summaries shall delineate whether the property at issue is commercial or residential.

9. Overlap Limitation. The boundaries of the Operating District shall not overlap those of any Taxing District unless the aggregate mill levy of the overlapping Districts will not at any time exceed the Maximum Mill Levy. Additionally, the District shall not consent to the organization of any other district organized under the Special District Act within the Service Area which will overlap the boundaries of the District unless the aggregate mill levy of the Operating District and such overlapping district will not at any time exceed the Maximum Mill Levy of the District.

10. Total Debt Issuance Limitation. The Districts shall not issue Debt in excess of \$226,000,000 in the aggregate, exclusive of refundings.

11. Fee Limitation. Each of the Districts may impose and collect Fees as a source of revenue for repayment of debt, capital costs, and/or for operations and maintenance. No Fee related to the funding of costs of a capital nature shall be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User which has the effect, intentional or otherwise, of creating a capital cost payment obligation in any year on any Taxable Property owned or occupied by an End User. Notwithstanding any of the foregoing, the restrictions in this definition shall not apply to any Operations Fee imposed upon or collected from Taxable Property. Imposition of a Capital Fee shall be limited to an amount not greater than \$5,000 per unit for residential property and \$1 per each square foot of finished commercial space, increased by the greater of five percent (5%) annually or by the percentage increase in the Denver-Boulder Consumer price index percentage increase for the prior year (the "Annual Increase"). Absent further authorization provided pursuant to an intergovernmental agreement pursuant to Section V.A.1, above, imposition of an Operations Fee shall be limited to an amount not greater than \$100 per month per each 2,500 square feet of built residential or commercial property, which amount may be increased, in the discretion of the Board imposing the Operations Fee, by the Annual Increase. The Districts shall be prohibited from imposing Fees which exceed the applicable Capital Fee or Operations Fee plus the applicable Annual Increase amount, without obtaining the prior written approval of the City Council.

12. Consolidation Limitation. District No. 1 shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the City Council, unless such consolidation is with one or more of the Taxing Districts.

13. Bankruptcy Limitation. All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Mill Levy, Maximum Debt Mill Levy, Maximum Debt Mill Levy Imposition Term and the Fees have been established under the authority of the City to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) Are, together with all other requirements of Colorado law, included in the “political or governmental powers” reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the “regulatory or electoral approval necessary under applicable nonbankruptcy law” as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy or the Maximum Debt Mill Levy Imposition Term, as applicable, shall be deemed a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City Council as part of a Service Plan Amendment.

14. Dominant Eminent Domain. The District shall be prohibited from undertaking a condemnation action against the City without the prior approval of the City Council.

15. Service Plan Amendment Requirement. This Service Plan has been designed with sufficient flexibility to enable the District to provide required services and facilities under evolving circumstances without the need for numerous amendments. Actions of the District which violate the limitations set forth in Sections V.A.1-14 above or in Section VI.B-H shall be deemed to be material modifications to this Service Plan and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

B. Preliminary Engineering Survey.

The District shall have authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, maintenance and financing of the Public Improvements within and without the boundaries of the District, to be more specifically defined in an Approved Development Plan. An estimate of the costs of the Public Improvements which may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, maintained or financed was prepared based upon a preliminary engineering survey and estimates derived from the zoning on the property in the Service Area and is approximately \$220,000,000.

All of the Public Improvements will be designed in such a way as to assure that the Public Improvements standards will be compatible with those of the City and other governmental entities having proper jurisdiction, and shall be in accordance with the requirements of the Approved Development Plan. All construction cost estimates are based on the assumption that construction conforms to applicable local, State or Federal requirements.

C. Multiple District Structure.

It is anticipated that the Operating District will undertake the financing, construction and permitted operation and maintenance of the Public Improvements in coordination with the Taxing Districts. The nature of the functions and services to be provided by the Operating District shall be clarified in an intergovernmental agreement between and among the Operating District and the Taxing Districts (the “Master IGA”). The primary purpose of such intergovernmental agreement or agreements shall be to help assure the orderly

development of the Public Improvements and the provision of essential services necessary to support the Project.

VI. FINANCIAL PLAN

A. General.

The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment of the Public Improvements from revenues and the proceeds of Debt to be issued by the Districts. The Financial Plan for the Districts shall be to issue such Debt as the Districts can reasonably pay within the Maximum Debt Mill Levy Imposition Term from revenues derived from the Maximum Debt Mill Levy, Fees and other legally available revenues. The total Debt that the Districts shall be permitted to issue shall not exceed \$226,000,000 and shall be permitted to be issued on a schedule and in such year or years as the Districts determine shall meet the needs of the Financial Plan referenced above and shall be phased to serve development as it occurs. All bonds and other Debt issued by the Districts may be payable from any and all legally available revenues of the Districts, including general ad valorem taxes and Fees to be imposed upon all Taxable Property within the Districts. The Districts will also rely upon various other revenue sources authorized by law. These will include the power to assess Fees, rates, tolls, penalties, or charges as provided in Section 32-1-1001(1), C.R.S., as amended from time to time, and subject to the limitations set forth in this Service Plan.

B. Maximum Voted Interest Rate and Maximum Underwriting Discount.

The interest rate on any Debt is expected to be the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt is not expected to exceed eighteen percent (18%). The proposed maximum underwriting discount will be five percent (5%). Debt, when issued, will comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities.

C. Maximum Mill Levy.

None of the Districts shall be permitted to impose a mill levy in excess of the Maximum Mill Levy, with the specific exception of mill levies imposed to repay Debt that is equal to or less than fifty percent (50%) of the District's assessed valuation pursuant to Section VI.D.2., herein.

D. Maximum Debt Mill Levy.

The "Maximum Debt Mill Levy" shall be the maximum mill levy a District is permitted to impose upon the taxable property within such District for payment of Debt, and shall be determined as follows:

1. For the portion of any aggregate Debt which exceeds fifty percent (50%) of the District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be sixty nine (69) mills less the number of mills necessary to pay unlimited mill levy Debt

described in Section VI.C.2 below; provided that if, on or after January 1, 2009, there are changes in the method of calculating assessed valuation or any constitutionally mandated tax credit, cut or abatement; the mill levy limitation applicable to such Debt may be increased or decreased to reflect such changes, such increases or decreases to be determined by the Board in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted for changes occurring after January 1, 2009, are neither diminished nor enhanced as a result of such changes. For purposes of the foregoing, a change in the ratio of actual valuation shall be deemed to be a change in the method of calculating assessed valuation.

2. For the portion of any aggregate Debt which is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

3. For purposes of the foregoing, once Debt has been determined to be within Section VI.C.2 above, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, such District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in such District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the Districts are composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term "District" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

E. Maximum Debt Mill Levy Imposition Term.

No District shall impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses within a District which exceeds forty (40) years after the year of the initial imposition of such mill levy by the respective District, unless a majority of the Board of Directors of the District imposing the mill levy are residents of such District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S.; et seq.

F. Debt Repayment Sources.

Each of the Districts may impose a mill levy on taxable property within its boundaries as a primary source of revenue for repayment of debt service and for operations and maintenance, except that at no time shall the combined mill levy required for debt service and operations and maintenance services exceed the Maximum Mill Levy, unless pursuant to Section VI.C. above. The Districts may also rely upon various other revenue sources authorized by law. At the Districts' discretion, these may include the power to assess Fees, rates, tolls, penalties, or

charges as provided in Section 32-1-1001(l), C.R.S., as amended from time to time, and subject to the limitations set forth in this Service Plan.

G. Debt Instrument Disclosure Requirement.

In the text of each Bond and any other instrument representing and constituting Debt, the District shall set forth a statement in substantially the following form:

By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the resolution of the District authorizing the issuance of this Bond and in the Service Plan for creation of the District.

Similar language describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Service Plan shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, a developer of property within the boundaries of the District.

H. Security for Debt.

The District shall not pledge any revenue or property of the City as security for the indebtedness set forth in this Service Plan. Approval of this Service Plan shall not be construed as a guarantee by the City of payment of any of the District's obligations; nor shall anything in the Service Plan be construed so as to create any responsibility or liability on the part of the City in the event of default by the District in the payment of any such obligation.

I. TABOR Compliance.

The District will comply with the provisions of Article X, Section 20 of the Colorado Constitution ("TABOR"). In the discretion of the Board, the District may set up other qualifying entities to manage, fund, construct and operate facilities, services, and programs. RECITALS

WHEREAS, the Districts were organized to provide those services and to exercise powers as are more specifically set forth in the Districts' service plans approved by the City on October 22, 2009 ("Service Plans"); and

WHEREAS, the Service Plans require the execution of an intergovernmental agreement by the Parties; and

WHEREAS, the City and the Districts have determined it to be in the best interests of their respective taxpayers, residents and property owners to enter into this Agreement.

NOW, THEREFORE, in consideration of the covenants and mutual agreements herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

COVENANTS AND AGREEMENTS

1. Definitions. Unless otherwise defined herein, the terms used in this Agreement shall have the same definitions as are set forth in the Service Plans.

2. Operations and Maintenance. The Public Improvements shall be dedicated to the City, the Parker Water and Sanitation District ("PWSD") or other appropriate governmental entity in a manner consistent with the Approved Development Plan and other rules and regulations of the City and applicable provisions of the City Code. Pending final acceptance by the City, or for those Public Improvements that are not ultimately conveyed to the City, PWSD, or other appropriate governmental entity, the Canyons Metropolitan District No. 1 (the "Operating District") shall at all times be authorized to undertake and coordinate any operational requirements for such Public Improvements. Upon acceptance by the City, PWSD, or other appropriate governmental entity, the Operating District shall not be authorized to operate or maintain such Public Improvements, unless the provision of such operation and maintenance is pursuant to an intergovernmental agreement with the City or other appropriate governmental entity. In the event that the Operating District is required to own, operate or maintain Public Improvements pursuant to an intergovernmental agreement, such intergovernmental agreement may authorize imposition of an additional Operations Fee, as is necessary, for the operation and maintenance of such Public Improvements.

3. Public Improvements Limitation. The Operating District is a party to that certain Annexation and Development Agreement (the "Development Agreement") dated October 22, 2009. As set forth in the Development Agreement, the Operating District and/or one or more of the Canyons Metropolitan District Nos. 2 – 11 (the "Financing Districts") is / are anticipated to finance the construction of Public Improvements to be more particularly identified in the Project SIA, Site SIA or in an SIPIA, as those terms are defined in the Development Agreement. Each District shall provide financial assurance of completion of any Public Improvements identified in the Project SIA, Site SIA, or in an SIPIA, in the form of a pledge of budgeted and appropriated funds of the District in an amount equal to 115% of the estimated cost of the Public Improvements for which the District has responsibility. Such budgeted and appropriated funds of the District shall be placed in a segregated escrow account that the City may access in accordance with the terms of a mutually acceptable escrow agreement, which agreement shall identify an escrow agent acceptable to the City Manager or his or her designee. Each District will be entitled to request progress payments from such escrow account following review and approval of such progress payment requests by the City Manger or his or her designee, and the City will have the unilateral right to immediately access such funds in the escrow account if the District does not construct or complete the Public Improvements in accordance with the terms and conditions of the Project SIA, Site SIA, or SIPIA, as applicable.

4. Fire Protection. The Districts shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision.

5. Television Relay and Translation. The Districts shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City.

6. Water and Sanitation. Property within the Service Area will be provided water and sanitation services by PWSD pursuant to a Real Property Inclusion Agreement dated on or about February 27, 2003, as supplemented by a Memorandum of Understanding of the same date. For so long as PWSD, or other water and sanitation provider is providing water and sanitation services to the Service Area, the Districts shall not be permitted to own, operate or maintain water and sanitation improvements unless the same is necessary prior to the final acceptance of such water and sanitation improvements by PWSD or other appropriate service provider. Notwithstanding the foregoing limitation, the Districts shall be expressly permitted to undertake the construction and financing of water and sanitation improvements.

7. Construction Standards. The Districts will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having proper jurisdiction and of those special districts that qualify as "interested parties" under Section 32-1-204(1), C.R.S., as applicable, unless such standards and specifications are waived or otherwise amended. The Districts will obtain the

City's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

8. Issuance of Privately Placed Debt. Prior to the issuance of any privately placed Debt, the Districts shall obtain the certification of an External Financial Advisor substantially as follows:

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

9. Inclusion Limitation. The Districts shall not include within any of its boundaries any property outside the Service Area without the prior written consent of the City Council through a resolution authorizing the same. Any Taxing District shall seek prior administrative approval of the City Manager prior to excluding residential property from such Taxing District, where such exclusion is proposed to occur following the date on which Debt has been issued by such Taxing District or the Operating District, where the Taxing District has pledged any of its revenues, through an intergovernmental agreement or otherwise, to servicing Debt issued by the Operating District. Boundary adjustments made in accordance with the provisions of this Service Plan shall not constitute material modifications hereof absent a coinciding change of a basic or essential nature pursuant to Section 32-1-207(2), C.R.S., occurring as a result of such boundary change. The Districts shall provide a summary of all proposed boundary adjustments to the City Manager and the City Attorney's Office prior to any public hearing thereon, and in all such summaries shall delineate whether the property at issue is commercial or residential.

Imposition of a Capital Fee shall be limited to an amount not greater than \$5,000 per unit for residential property and \$1 per each square foot of built commercial property, increased by the greater of five percent (5%) annually or by the percentage increase in the Denver-Boulder Consumer price index percentage increase for the prior year (the "Annual Increase"). The Districts shall be prohibited from imposing Fees which exceed the applicable Capital Fee or Operations Fee plus the applicable Annual Increase amount, without obtaining the prior written approval of the City Council.

13. Debt Issuance Limitation. 17. Annual Report. Each of the Districts shall be responsible for submitting an annual report to the City Manager no later than August 1st of each year beginning with August 1, 2011, pursuant to Section VII.C. of the Service Plans. The annual report may be submitted on a consolidated basis by the Districts.

18. District Meetings. The Districts shall provide notice to the City Manager's office of each regular and special meeting, along with an agenda packet therefore not later than forty-eight (48) hours prior to each scheduled meeting, which agenda packet will note the date, time

21. Monies from Other Governmental Sources. No District shall apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the City is eligible to apply for, except as may be specifically provided for herein. This Paragraph shall not apply to specific ownership taxes which may be distributed to and constitute a revenue source for the Districts.

22. Applicable Laws. The Districts acknowledge that all real property within the Service Area shall be subject to all ordinances, rules and regulations of the City, including, without limitation, ordinances and rules and regulations relating to zoning, subdivision, building and land use, and relating to all City land use policies, comprehensive plans, and related plans.

23. Issuance of Debt by the Districts. District(s) subject to such City Council determination agree to file a petition in the appropriate District Court for dissolution, pursuant to the Special District Act, which petition(s) shall contain a plan for dissolution, if required. If a plan for dissolution is required by the Special District Act, the Board(s) agrees to submit such plan(s) to the City Manager and City Attorney for review and approval prior to submitting the petition(s) for dissolution in the appropriate District Court. In the event a dissolution is not completed or can not be completed under the process outlined in the Special District Act, including but not limited to a situation wherein an election held on the question of dissolution is unsuccessful, all of the power and authority of the District(s) under the applicable Service Plan shall automatically terminate, except for such limited power and authority as is necessary to be retained to ensure that the payment or discharge of all outstanding indebtedness and other financial obligations of the District(s) is adequately addressed. In no event shall a final dissolution occur until the payment or discharge of all of the outstanding indebtedness and other obligations of the District(s) has been adequately addressed, inclusive of outstanding operational requirements, as required pursuant to the Special District Act.

25. Service Plan Amendment Requirement. Actions of the Districts which violate the limitations set forth in V.A.1-13 or VI.B-H of the applicable Service Plan or which violate the provisions of this Agreement shall, in City Council's discretion, be deemed to be a material modification of the affected Service Plan, and the City shall be entitled to all remedies available under State and local law to enjoin actions of the Districts.
